

DARSHAN NAYI

Web Developer | Python / Django Developer
darshannayi2282005@gmail.com | +91 93138 34121 | Himatnagar, Gujarat

PROFESSIONAL PROFILE

Full-stack web developer with hands-on experience in frontend and Python/Django backend development. Skilled in building responsive web applications and working with databases. Completed three internships with progressive responsibility, demonstrating strong creativity, enthusiasm, and a diligent work ethic.

INTERNSHIP EXPERIENCE

Xipra Technology — Python Development Intern

Jan 2026 – Apr 2026

- Developed Deluxe Travel Planner — a full-featured Django travel booking platform with city exploration, user reservations, payment processing, best deals, and paginated listings.
- Worked with Django + SQLite3; managed modules: best_offers, cities_towns, payment, register, service, user_reservations, and visit_places.

Infolabz IT Services PVT LTD — Python Trainee

Jul 2025

- Completed an intensive 15-day Python training covering core concepts, OOP, file handling, data libraries, and the Django framework.
- Gained practical experience in Django admin panel, backend development, and web application management.
